Dispatcher Drummond was up Monday evening to attend bank directors meeting.

Mrs. Matilda Houk has returned from a several weeks visit with her sister at Wabed.

□ Mrs. E. S. Albright has returned from a two weeks visit with relatives at London.

John French of the Wildiesection has accepted a position as fireman on the L. & N. running from Paris to Corbin.

Miss Ina Roberts was up from Gum Sulphur Wednesday to attend the burial of her cousin, Mrs. W. C. Kirby.

S. F. Bowman bought the house Frank Moore had started on West Main. Mr. Bowman will complete the building.

J. William Dooley, a former Rockcastle boy, who has made good as a traveling salesman, was over from Berea Monday.

Victor C. Tate, who has been traveling with the Lyceum Comedy Co., all over the South since Aug. last year, is expected home today or tomorrow to rest for awhile.

Prof. J. S. Irvin, of Germantown but formerly of Somerset, has been employed as principal of the Graded school. Prof. Irvin comes highly recommended.

Miss Eva Fish returned home Monday after a pleasant visit of several weeks with friends in Cincinnati and her brother John in Richmond, who is suffering with his arm as a result of vaccination.

Dr. and Mrs. R. W. Dyche left yesterday for London to locate. We regret very much to lose such a splendid people, but we trust the change will prove a profitable one to them.

Emmett T. Bryant, the efficient railroad agent at Pine Hill, has fixed up a fine bachelor's "den" in one of the rooms of the depot. He advises us that he is working early and late getting ready to look after the expected big increase in the business at his station when the big works are started up.

R. A. Welch will move into the house vacated by Dr. R. W. Dyche and will proceed to tear down his old dwelling for the purpose of erecting a modern one of six rooms on the site of the old one on West Main street near railroad crossing. One by one the old land marks disappear.

TRUST

Big line of Straw Hats, all new styles, at Fish's.

Mrs. Kincer, of Pine Hill, who has been sick for some time died Sunday of consumption.

FOR SALE:—A good work mule. Will sell with the money. Color white. F. L. THOMPSON.

Fifteen of Uncle Sam's Round Dollars buys a better suit at Fish's than twenty will buy elsewhere.

We understand that the Standard Oil Co., will make Mt. Vernon a distributing point soon. They expect to put up a large tank.

Work on the Fair ground is progressing nicely, the track being almost completed. Every thing will be in readiness long before the fair time.

A step grandson of Uncle Harve Owens, colored, committed suicide at London by hanging. He preferred death rather than go to Cincinnati where he thought he would have to go to live. He was a small boy.

Mt. Vernon now has a long it went filled in the way of a wholesale flour, feed and grain house. Adams & Griffin on West Main street in the new Krueger concrete building are doing a nice business, which is proving quite a convenience to the people.

Half cent pieces of nickel will soon be coined by the United States. Three cent pieces will also be coined with a hole in the center. The hole is for the purpose of distinguishing them from dimes. The long abused one cent man will now be superseded by the half cent man.

Mt. Vernon is going to have a new hotel and the work of erection will be begun before many days. Just where it will be located is a question that has not been decided but a number of gentlemen seeing that it was impossible for one hotel to accommodate all the people who come to Mt. Vernon and realizing what the lack of hotel facilities meant to the town have gone together and have said that Mt. Vernon shall have an up-to-date hotel.

Next Sunday will be observed as "Mother's Day" in the Presbyterian Sunday School. Special exercises are being planned, and mothers will be given a double welcome. The morning church service will also be of especial interest to the mothers.

Glimpses of the Men and Religion Convention at New York City, will be the subject of the evening sermon. A cordial welcome to all.

Mrs. W. C. Kirby died Wednesday morning after an illness of only a few days of appendicitis.

Mrs. Kirby was operated upon Monday, but as soon as the physicians began the operation they realized that her case was a hopeless one and so announced the fact several hours before her death. Mrs. Kirby was Miss Ella King of Gum Sulphur, before her marriage and was a good woman. She leaves besides her husband a small baby. Funeral services were conducted from the home by Rev. Watson after which the remains were laid to rest in Elmwood cemetery late Wednesday afternoon an early burial being necessary.

Mrs. Kirby's mother will take the baby. Mr. Kirby took the little one to Crab Orchard yesterday.

John Ried and wife, Andrew Gill, Clarence Centers and Geo. Tackett while returning from church Sunday night were struck by a freight train near East Bernstadt, their home and Reid and Gill were seriously injured while the other three were painfully but not seriously hurt. They were walking on a double track and stepped aside to let a North bound train pass, a fast South bound train struck them. They were caught in between the trains in a way that they were knocked from one train to the other for several times. Neither one of the crews saw the unfortunate people, but were picked up by a train which passed a few minutes later and taken to London hospital. Mrs. Reid Centers and young Tackett's injuries are not considered serious but Mr. Reid and Gill are in a very serious condition.

Later, Reid died Tuesday morning.

The town board has decided to collect taxes for one year instead of two years. Those who have paid for one of the years due will be credited for the amount paid. The rate is 50 cents per \$100 valuation of property and \$1 poll. The collection will be begun on or about May 15th.

The town board met Monday night and decided to collect the tax for 1911 as there has been no tax collected for two years, the levy will be 50cts. They certainly need to collect the tax and do some improving. If there is not something done on the streets pretty soon it is going to take a great big lot to do it when the work is started. We say collect tax and improve the town, it is needed and the majority of the people are willing to pay their tax regardless of the technicalities that may exist, if the streets can be improved and the town beautified as it should be.

There are men at work laying their walks that we are satisfied have not done a good days work before in several years.
